

## **How Do I Change the Text Size?**

At the bottom of all pages you see three capital 'A's of different sizes. To change the size of the text on any page simply click on one of these 'A's and the text size will change.

The middle 'A' is the normal text size, the smaller 'A' to the left will reduce the text size while the large 'A' will increase the text size.

To reset the text size simply click on the middle 'A'.
