

Decorating Your Home.

We will decorate the outside of your home. Also, if you share a staircase or corridor with other tenants, we will decorate these areas. Re-decoration will take place regularly, generally every five years. You can, if you wish, decorate the outside of your home yourself, but you must first write to us and get our permission. We will not unreasonably refuse your request, but we can insist on certain conditions.

Internal decoration is your responsibility and it is a condition of your tenancy that you keep your property in a reasonable decorative condition. We will not decorate the inside of your home unless we have accidentally damaged your decorations during repair work. We will make sure that the quality of your decorations is not reduced by work we do. We will always do our best to match any redecorations required following a repair with your existing decorations, both in style and quality.

Need further information? Please ask for the leaflet, 'Your Decorations: A Guide to Tenants'.
